

# Move to a New Table & Meet Someone New

Welcome Back!

# Icebreaker Round 2

Khadijat Alli

# "Teeth & Tell" Storytelling

Go around the table and take turns sharing your unique tooth stories/experiences:

- A tooth fairy story
- Favorite tooth trivia/fact
- Lost tooth story: Where is the strangest place you lost a tooth?

# Increasing Engagement from Advisory Committees

Moving from Breadth → Depth

**Facilitators**

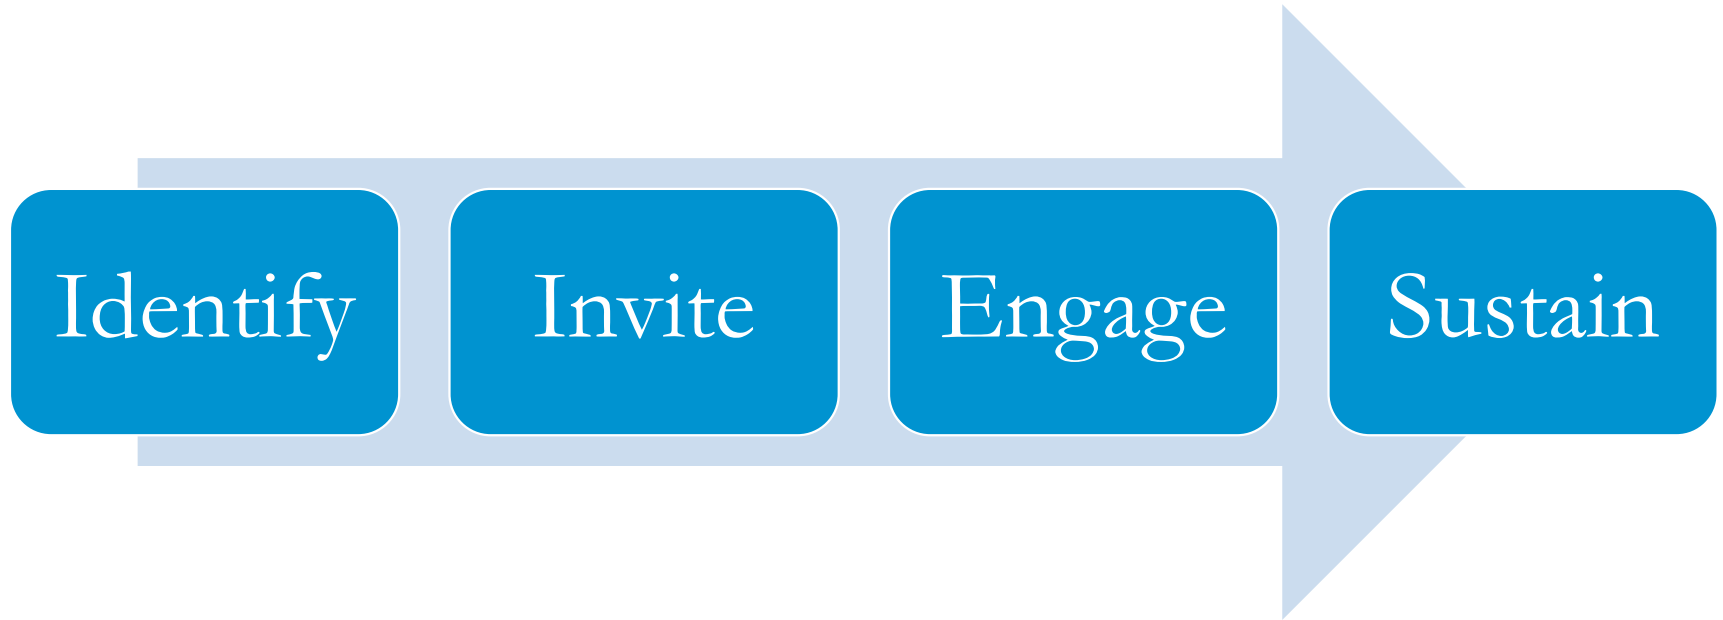

Aubri Kottek

Bahar Amanzadeh

# June Summit

# Deepening Engagement

## Shared purpose

- Start with the vision, stories from the community, and the importance of the work for the public

## Clear roles

- Define that at the beginning and practice that in your ongoing communications and meetings; share ownership

## Accountability

- Be accountable: share the reports, follow up, etc.
- Keep others accountable: keep the communication going
- Acknowledge and appreciate the contributions

Around your table:

1. Person whose birthday is coming up next will share first
2. Person on the right will be the group's notetaker, move around the table clockwise
3. Each person will share: name, LOHP, examples of strategies you've used or ideas you're planning to implement around: **Purpose**, **Clear roles**, & **Accountability**
4. Notetaker will add strategies to Mentimeter
5. Then as a group: choose a spokesperson to share top strategies with the larger group

Spend the next 20 minutes in discussion, then we will report out to the group

# Troubleshoot Challenges

How do you manage partners who seem like they don't share your vision for collaboration, but are critical for your success?

Spend the next 5 minutes in discussion, then we will report out to the group

What do you do if your partners have priorities or ideas that are outside of the scope of your LOHP work plan or capacity?

Spend the next 5 minutes in discussion, then we will report out to the group

# Collective Impact Framework

- Collective impact brings people together in a structured way to achieve social change
- A network of community members, organizations, and institutions who advance equity by learning together, aligning, and integrating their actions to achieve population and systems-level change
- A framework and guide rather than a formula or checklist
- Video: <https://www.youtube.com/watch?v=pzmMk63ihNM&t=2s>

# COLLECTIVE IMPACT

# Five Conditions of Collective Impact

## Common Agenda

All participants have a shared vision for change including a common understanding of the problem and a joint approach to solving it through agreed upon actions.

## Shared Measurement

Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.

## Mutually Reinforcing Activities

Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.

## Continuous Communication

Consistent and open communication is needed across the many players to build trust, assure mutual objectives, and appreciate common motivation.

## Backbone Support

Creating and managing collective impact requires a dedicated staff and a specific set of skills to serve as the backbone for the entire initiative and coordinate participating organizations and agencies.

What other challenges are you experiencing in increasing engagement with your advisory committees?

# Reflection & Planning

*On your own, take 5 minutes for action planning*

## Reflect

Consider the strategies and information shared during this session

## Actionable Ideas

Write down 3 key takeaways or ideas that you can implement at your LOHP

Break 2:00-2:15

# PM Roundtable Discussions

# Roundtable Discussions

## *Unstructured topical discussions*

- Choose *another* topic for breakout roundtable discussions
  - Bring a question or challenge you're facing and share it with the group for feedback
  - Share tips, tricks, and successes
- Get into the weeds – you have until 3:00 PM for discussion
