

Let's think of solutions together - what can we do to overcome these barriers?

15 Answers

Compliance and providers

Medi-Cal dental reimbursement for providers

Influence principles to allow passive consent forms

15 - identify point person AT SCHOOLS and communicate with LOHP for uploading data

Better communication to community so they understand what KOHA is that it's a free service and the benefits

Accountability from the top (superintendent)

Provide SCOHR training materials to schools on a regular basis

Table 21- funding and training for schools nurses to submit data, educating partners and school of importance of completion of KOHA, not just waivers,

7--Appropriate form Translations -Coordinated communication from CDPH to —School superintendents AND LOHP -tell us about funding for Kona to schools

Let's think of solutions together - what can we do to overcome these barriers?

Administration not letting the extra questions be answer

Table 15- Partner with the vision and hearing screenings in the same day.

Step by step approach, report, improve quality of the data, report as participating reporter. Revise verbiage of SB 379 mandate SCOHR

Table 15- Partner with the vision and hearing screenings, a big screening day event.

13- Passive consent, electronic KOHA forms

Work with superintendents to assist with communications/promotion of the importance of KOHA and communication to county office of education who are usually responsible for reporting
