Improving Oral Health Using an Early Childhood Oral Health Assessment (ECOHA) System

Presented by

Paul Glassman, DDS, MA, MBA

Professor and Associate Dean for Research and Community Engagement

California Northstate University

CALIFORNIA
NORTHSTATE
UNIVERSITY

This presentation will describe the ECOHA system established as part of the F5 Riverside/San Bernardino Dental Transformation Initiative (DTI) Local Dental Pilot Project (LDPP).

Participants will understand how this system can leverage the ability of home visitors and community health workers to:

- Categorize families based on risk of children developing dental disease
- Provide basic oral health information
- Identify families in greater need of oral health care support

For additional information on ECOHA visit: <http://dentalmedicine.cnsu.edu/research-community/research-dti/>

Join us on February 18th
