

Memorandum of Understanding

Easterseals Child Development Center is pleased to collaborate with the GeriSmiles Dental Hygiene Practice. In conjunction with GeriSmiles, Easterseals Child Development Center will, at no cost:

- Provide comprehensive child development services to eligible families.
- Provide, for the purposes of planning and staffing, the estimated number of annual participants per Easterseals Child Development Center location to be served by GeriSmiles.
- Provide navigation to children identified through GeriSmiles as needing referral to a dental home and/or referral for Medi-Cal or Covered California eligibility.
- Refer families with children ages 0-5, including pregnant moms, in need of oral hygiene services to GeriSmiles.
- Work closely with GeriSmiles on collaborative projects, trainings and meetings, for the families jointly served.

In conjunction with Easterseals Child Development Center, GeriSmiles will, at no cost:

- Provide oral health screening and fluoride varnish treatment throughout the year to all children 0-5 in the Easterseals Child Development Center that have parental consent to participate in the GeriSmiles Program.
- Refer families with children ages 0-5, including pregnant moms, in need of children development services to Easterseals Child Development Center.
- Have a Representative sit on the Easterseals Health Services Advisory Committee, which meets at a minimum of twice a year.
- Work closely with Easterseals Child Development Center staff on collaborative projects, trainings meetings, for families jointly served.

This Memorandum of Understanding will be renewed each year. If either party is no longer able to provide the services listed, they will notify the other party in writing with a 30-day notice.
