Khadijat Alli

Bahar Amanzadeh

Katie Conklin

Kristin Hoeft

Aubri Kottek

Gustavo Sanchez

Meeting Objectives

- Build connection among LOHP partners
- Share best practices and brainstorm solutions to challenges with peers
- Leave with practical solutions and plans to support LOHP work plan objectives

Networking Exercise

Word Association Networking Game

- Goal of this exercise is to meet new people and to also learn something new about different counties/cities!
 1. Use your hand to cover your name tag
 2. Go up to someone you haven't met yet
 3. Share your names. Then take turns using hints to describe the county/city you are representing without actually saying the name (Ex. "Golden Gate" or "Giants" – San Francisco)
 4. Share with one another something unique about your county/city and/or something specific to your LOHP
 5. How many people can you meet before time is up?
